## Practicing medicine really 'is' different at Guthrie.

*Physicians choose  
Guthrie for many  
reasons, but the  
key underlying  
reason is the  
dramatic drop in  
their level of stress.*

### Top 5 Ways Guthrie Helps Reduce Stress

- Financial Stability – A+ bond rating
- Physician-led – Skilled clinicians direct the organization
- 100+ year history – Group practice based on Mayo model
- Structured to adroitly handle healthcare changes ahead
- We treat our people as what we consider them to be—our most important resource

*"Fifty or one hundred years from today I would want people to look back at this period in the history of Guthrie and recognize that we adapted to the times, prepared for the future, and had an organizational design and function that was so flexible and so good that it didn't matter how healthcare changed, it was prepared."*

—Joseph Scopelliti, MD, President, Guthrie Clinic

Guthrie is a collegial, physician-led group practice that lives up to its core values of patient-centeredness, teamwork and excellence.

If you're serious about making a positive change in your life, we invite you to watch the video and explore the orange tabs at the top. Learn why our physicians chose Guthrie and what truly sets Guthrie apart from the rest.
